PRELIMINARY SUBDIVISION PLAN APPLICATION SUBMISSION CHECKLIST

Subdivision Name _____ Date _____

This checklist has been prepared to assist applicants in developing their applications. It should be used as a guide in assembling the information necessary for a complete application. The checklist, however, does not substitute for the requirements of **Article 7** of the Subdivision Ordinance. The Planning Board will also use the checklist to ensure your application is complete. Indicate if the information has been submitted or if a waiver is requested. If you feel that information is not applicable to your project, please indicate in the second column. The perimeter survey, subdivision plan and engineering plans may be contained on the same drawing. Detailed engineering drawings such as road profiles, drainage swales and erosion/sedimentation plans, however, may best be presented on a separate sheet or sheets.

Note that this checklist only covers the submission requirements for a *preliminary plan*. There is an additional checklist for *final plan* submission. Neither checklist addresses the standards that the subdivision plan must meet. For review standards refer to **Article 13 & checklist F-1D**.
