

TAX INCREMENT FINANCING POLICY GUIDELINES AND APPLICATION TOWN OF GRAY MAINE

Approved July 3, 2012

INTRODUCTION

The purpose of this policy is to outline standards and processes that the Town of Gray (the “Town”) will use in initiating or considering applications for Tax Increment Financing (TIF). Notwithstanding this policy, the creation of a TIF agreement is a decision made on a case-by-case basis by Town meeting and the Town Council. Obtaining a TIF is not a right under Maine law, and meeting these policies should not be interpreted as creating any rights or entitlements in any application. TIF is predominantly a “real estate based” tax incentive program (State of Maine, DECD Municipal Tax Increment Financing publication dated January 20, 2011), although it may also be applied to certain personal property otherwise subject to municipal property taxation.

TIF PROCESS FLOW

TIF Applications (whether initiated by the Town or requested by a developer or business) will be considered by the Town Manager, Economic Development Director and the Town Council with all final approvals by Town Meeting and the Maine Department of Economic Development (DECD). The Economic Development Director will coordinate all activities regarding applications and will assist the developer throughout the TIF process. The terms and specific details of each TIF agreement will be developed on a case by case basis. The Town Manager and the Manager’s designated representatives will negotiate for the Town based on the merits of the project and this policy, following the process laid out in this document.

TIF AGREEMENTS

TIF agreements allow a municipality to participate in financing local projects by using some or all of the new property taxes generated by a capital investment within a designated geographic district. The Town has the right to retain TIF proceeds for public infrastructure improvements or TIF eligible expenses, as provided for by State law. The Town has the option of using the “incremental” taxes to retire bonds it has issued for the project, to fund eligible municipal economic development activities, or to reimburse a developer or business for development project costs (via a so-called Credit Enhancement Agreement).

TIF DISTRICTS

TIF districts may be designated for up to 30 years, and bonds may be issued for up to 20 years. The designation of a TIF district requires proper notice, a local public hearing, a majority vote of the Town Council, Town Meeting approval, and State DECD approval.

- A. **Eligible Expenses.** Eligible TIF expenses include design, permitting and construction of necessary infrastructure to support the proposed project. Other eligible expenses are defined by the State of Maine in its TIF Publication and Statutes (which are subject to periodic amendments). The Town Council will only consider proposals that further economic development goals endorsed by the community.
- B. **Documentation.** The applicant is required to provide all documentation associated with the application. This documentation provides the basis for reviewing the project’s implementation for compliance with final approvals.
- C. **Geographic Boundaries.** The Town reserves the right, during the application process, to establish the geographic size of the district necessary to meet the needs of the applicant or to meet the needs of infrastructure improvements deemed necessary by the community in accordance with State statutes.
- D. **Personal Property.** Personal property shall not be included in the calculations for the TIF.

- E. Excess Funds. TIF agreements that include a Credit Enhancement Agreement (CEA) shall include a provision that directs any excess funds after the CEA is satisfied to be directed to economic development uses.

CREDIT ENHANCEMENT AGREEMENT

THE FOLLOWING FOUR ITEMS APPLY TO TIFs THAT INCLUDE CREDIT ENHANCEMENT AGREEMENTS ONLY

A Credit Enhancement Agreement (CEA) will be created if the TIF funds are to be used, in whole or in part, to reimburse a developer or business for development project costs. The CEA is essentially a contract between the municipality and developer or business. It is a mechanism to assist the development project by using all, or a percentage of, the incremental tax revenues generated by the new investment to pay certain authorized project costs with payments made directly to the developer or business.

- A. Amount of Funds. The TIF funds reimbursed/returned to the developer (via a CEA) will not exceed, over time, the amount of funds agreed to in the TIF document. The applicant is required to submit all documentation that will justify the expenditure to be reimbursed as estimated in the TIF agreement.
- B. Terms. Terms shall be negotiated between the Town and the applicant on a case-by-case basis and will be consistent with State statute. Agreements can extend between 1 and 30 years and, depending upon the merits of the project, 20% to 100% of the incremental value can be captured. These terms shall, at a minimum, be consistent with State statute.
- C. Suspension and Recapture of Benefits. Credit Enhancement Agreements may contain provisions for the suspension, termination, and/or recapture of benefits to the applicant. These actions may occur when the applicant does not meet the compliance standards outlined in this document. This will also include any statements or representations made by the applicant, which have a bearing on the Town Council's and/or the Town meeting's decision to participate in a TIF and at what level. The agreements may also provide for the termination and/or recapture of benefits from the applicant if the applicant relocates all or a substantial portion of the TIF project operation outside the project area, during the term of the agreement, or fails to meet new employment projections.
- D. Level of Funding Adjustments. During the application process and during the life of the TIF (and CEA), the applicant shall demonstrate the funds are being used at appropriate levels for the purpose intended. If the level of funds the applicant receives exceeds the projected need, the Town may adjust the amount to the applicant.

MUNICIPAL TIF GOALS

The Town will use various criteria to determine participation, including those listed below:

- A. Creates new jobs
- B. Assists existing business to retain jobs
- C. Creates significant long-term employment
- D. Improves the local economy
- E. Broadens the tax base
- F. Improves blighted areas
- G. Creates or expands public infrastructure beyond project

H. Supports community projects

I. Creates public benefits for other workers and/or businesses

APPLICATION REQUIREMENTS (FOR PROJECTS THAT INCLUDE A CREDIT ENHANCEMENT AGREEMENT)

Applicants for a CEA should demonstrate that the Town's participation is economically necessary in order for the developer to undertake the project. Such justification is demonstrated by:

- A. The cost of public infrastructure improvements unique to the project or site.
- B. The developer demonstrates the financial capacity to undertake the project and provides evidence in support of this capacity. Evidence will include but is not limited to:
 - 1. Development budget and pro-forma
 - 2. Financial commitments of project lenders
 - 3. A project implementation plan and schedule.
- C. (All such information shall be kept confidential to the extent permitted by law. The Town Council, Town staff and Council designee(s) will sign a non-disclosure agreement, if deemed necessary and to the extent permitted by law.)
- D. The project creates incremental tax value equal to or greater than \$1 million, excluding personal property
- E. The developer is compliant with all statutory and regulatory guidelines of the Town of Gray and the State of Maine.

WAIVER OF PROVISIONS

The Town Council reserves the right under certain conditions to waive the provisions of this policy. The decision to do so shall be made by applying the intent of the following guidelines to insure that the project remains within the general parameters of Gray's economic and community development vision(s). Criteria to be considered when granting the waiver are:

- A. Consistency with the Gray Comprehensive Plan
- B. Consistency with the Town's economic and community development vision(s)
- C. Consistency with other local, State and federal rules
- D. Evidence of need, and
- E. Capacity to carry out the project.

TRANSFER OF OWNERSHIP

If the applicant transfers ownership of property in the TIF district, the applicant must notify the Town Manager, in writing prior to finalizing the transfer. The new owner must agree, in writing, to accept the provisions of the agreement as presented to and approved by the Town Council and Town meeting, before the Town Treasurer will release any further TIF reimbursements.

ADMINISTRATIVE AND PROFESSIONAL FEE AGREEMENT

The execution and delivery of this Agreement to the Town of Gray ("the Town") by the undersigned Applicant for Tax Increment Financing (TIF) are required prior to the Town's acceptance and review of the Applicant's TIF Application. The undersigned Applicant agrees to all the following:

1. At the time of submission of a TIF Application, the undersigned shall pay to the Town, a non-refundable administrative review fee of \$500.00.
2. The undersigned shall pay to the Town all fees, disbursements, and other costs that are incurred by the Town relating to the review, drafting and approval process of the Application, TIF Development Program, and Credit Enhancement Agreement; whether or not the Applicant's proposed TIF project is finally approved. Such costs shall include, but not be limited to, the fees and disbursements of professional services provided to the Town, including legal, accounting, engineering, and consulting. The Applicant shall pay all such costs to the Town within ten (10) days of receipt of each invoice for such costs.
3. The undersigned acknowledges that the above costs and services are required by the Town in order to conduct a thorough review of the Applicant's TIF Application, and to ensure that no cost of the TIF Application process or documentation is borne by the taxpayers of the Town.
4. The undersigned further acknowledges and agrees that following approval of the TIF Development Program by the Maine Department of Economic and Community Development, and a TIF Credit Enhancement Agreement is executed by the Town and the undersigned, an annual administrative fee, equal to one (1%) percent of the total incremental taxes applicable to the TIF district will be charged against, and withheld from, the Applicant's share.
5. This Agreement shall be binding upon the Applicant's heirs, successors and/or assigns, and if there be more than one Applicant, the obligations under this agreement shall be binding on each of the Applicants, jointly and severable.
